

The Brain Gain

The best way to predict the future is to create it.

Eric Headley graduated from WHS in 1995 and after graduation he moved with his parents to South Bend. While in South Bend he attended IU South Bend College and worked at a local auto parts manufacturer. Eric met Stacey, also a student at the IU South Bend College, and they married. Stacey was studying Dental Hygiene. After Stacey received her degree in 2003 they relocated to Bloomington, IN and Eric finished his Bachelors Degree in Public Affairs/Legal Studies at IU in 2005.

While in Bloomington Eric gained employment with German American Bank. He became head baseball coach for Eastern Green High School and was a member of the Monroe County Football League Board. He also was very involved with the PR committee for the Bloomington Chamber of Commerce.

In September of 2009 Eric and Stacey decided to move back to Washington where Eric's parents had already relocated in 2000. Since Stacey was expecting their first child, Vincent they wanted to be near family and the small town life. Eric continued working for German American Bank here in Washington and he reflects on their move, "They made it possible for me to transfer to Washington." He currently holds the position of Mortgage Loan Originator.

Eric and Stacey have now been blessed by their second child Dominic. Eric is keeping busy with community involvement and currently holds the position of VP of the Daviess County Chamber of Commerce Board. Eric states, "The community itself is small but with many options, we are a growing community and the potential for new opportunities are great."
